

# RENEWAL OF THE PASSEPORT-TALENT RESIDENCE PERMIT

Researchers wishing to stay in France beyond the expiry date of their residence permit must apply for a renewal **at the earliest 4 months and at the latest 2 months before the expiry date** of their validated VLS TS visa or residence permit.

Beware: in case of delay, a penalty of 180 euros will be applied and will be added to the tax of the requested residence permit.

## DOCUMENTS TO BE SUBMITTED

Your file is to be submitted online at the following page:

Please check the FAQ for more details about the process and its steps (in French)

The documents to be submitted are as follows:

- valid "passeport talent" visa + confirmation of online validation of the visa or multi-year residence card;
- passport (pages related to marital status, validity dates and entry stamps);
- proof of address less than 6 months old:
  - if tenant: electricity bill (or gas, water, landline telephone or Internet service bill) or rental lease agreement less than 6 months old or rent receipt or housing tax statement;
  - if staying at a hotel: hotelier's certificate and bill;
  - if staying with an individual: dated and signed statement from the host, copy of his/her identity card or residence card, deed of ownership (or the host's statement of residence tax or copy of the rental lease agreement or the host's electricity, gas, water, landline telephone or Internet service bill);
- e-photo;
- a new hosting agreement ("convention d'accueil") or an extension, subscribed with a public or private body with a previously approved research or higher education mission;
- if the researcher is enrolled in an institution to prepare a doctoral dissertation, also provide an employment contract executed with the host organisation on the same subject as that of the dissertation and a diploma at least equivalent to a master's degree;
- for researchers wishing to renew their residence permit on the basis of their unemployment rights: provide the Pôle-Emploi (employment centre) certificate indicating the duration and the amount of the benefit or, if it has not yet been obtained, the documents delivered by the employer at the end of the contract ("certificat de travail" and "attestation de l'employeur destinée à Pôle Emploi"), or a short letter explaining the situation (if some documents are still missing). The duration of the validity of the issued residence card in this case will be the same as the duration of the rights for unemployment benefits ("Allocation de Retour à l'Emploi" or "ARE").

Researchers first automatically receive a confirmation of online documents' submission, the "**confirmation de dépôt**". As soon as the prefecture's department processes the dematerialized application, it issues a certificate of extension of instruction, the "**attestation de prolongation d'instruction**" that functions as a *récépissé*, and then a certificate of positive decision, the "**attestation de décision favorable**", pending the issuance of the residence permit.

Once the decision is made, a residence permit is made. A text message informs that the residence card is ready. For the **retrieving of the residence card**, it is usually necessary to make an appointment on the website of the prefecture or sous-prefecture. At the latest on the day of the convocation, the researcher must pay a **fee of €225** in the form of a tax stamp.

## INFORMATION ABOUT E-PHOTO

For the paperless procedure, you must provide an e-photo. Beware: the e-photo is valid for 6 months.

Only professional photographers and approved photo booths such as Photomatons can provide **photographs and a digital signature** that are compatible with the visa request teleservice. They can be identified by a **blue sticker that indicates "Agrée services en ligne ANTS"** ("Online approval services from the French National Agency for Secure Documents").

Where to find a photo booth :

<https://permisdeconduire.ants.gouv.fr/services/geolocaliser-les-photographes-habiles>

Application : <https://www.smartphone-id.com/ephoto-ants/>

Once you have taken your photo, you will be asked to sign using a stylus on a tablet or touch screen. It is important to use your real signature and not just a period or symbol in order for your residence permit to be produced. Your photos will be printed in the same way as they are for a normal photo. You will also receive **an individualised 22-number code**. When you are filling out your online residence permit request form on the ANEF website, you need just indicate this number in order to link it to the photo and the digital signature.

It is advisable to wait 24-48 hours before using the code or to renew your attempt in case of any problem with this code. If it is not recognized after 2 days, you must contact the technical service of the photobooth (contact details indicated on your documents).

## PURCHASE OF TAX STAMP

Online at <https://timbres.impots.gouv.fr/> (save and print it).

There is no need to buy a tax stamp (timbre fiscal) when you submit your residence permit request (the stamp may expire before use) because it will only be requested when you obtain your residence permit. Thus, you can purchase it just before retrieving your residence permit at the police headquarters (*prefecture*).
