Students first automatically receive a confirmation of online documents' submission, the "**confirmation de dépôt**". As soon as the prefecture's department processes the dematerialized application, it issues a certificate of extension of instruction, the "**attestation de prolongation d'instruction**", that functions as a *récépissé*, and then a certificate of positive decision, the "**attestation de décision favorable**", pending the issuance of the residence permit.

Once the decision is made, a residence permit is made. A text message informs that the residence card is ready. For the **retrieving of the residence card**, it is usually necessary to make an appointment on the website of the prefecture or sous-prefecture. At the latest on the day of the convocation, the student must pay **a fee of €75** in the form of a tax stamp.

INFORMATION ABOUT E-PHOTO

For the process of filing paper files in prefecture, it is necessary to provide printed identity photos. For the paperless procedure, you must provide an e-photo. Beware: the e-photo is valid for 6 months.

Only professional photographers and approved photo booths such as Photomatons can provide **photographs and a digital signature** that are compatible with the visa request teleservice. They can be identified by a **blue sticker that indicates "Agréé services en ligne ANTS"** ("Online approval services from the French National Agency for Secure Documents").

Where to find a photo booth :

<https://permisdeconduire.ants.gouv.fr/services/geolocaliser-les-photographes-habilites>

Application : <https://www.smartphone-id.com/ephoto-ants/>

Once you have taken your photo, you will be asked to sign using a stylus on a tablet or touch screen. It is important to use your real signature and not just a period or symbol in order for your residence permit to be produced. Your photos will be printed in the same way as they are for a normal photo. You will also receive **an individualised 22-number code**. When you are filling out your online residence permit request form on the ANEF website, you need just indicate this number in order to link it to the photo and the digital signature.

It is advisable to wait 24-48 hours before using the code or to renew your attempt in case of any problem with this code. If it is not recognized after 2 days, you must contact the technical service of the photobooth (contact details indicated on your documents).

PURCHASE OF TAX STAMP

Online at <https://timbres.impots.gouv.fr/> (save and print it).

There is no need to buy a tax stamp (timbre fiscal) when you submit your residence permit request (the stamp may expire before use) because it will only be requested when you obtain your residence permit. Thus, you can purchase it just before retrieving your residence permit at the police headquarters (*prefecture*).
