

STUDENT JOB OR WORK PLACEMENT SEARCHES

REMINDER OF STUDENTS LABOUR RIGHTS

European foreign students can work in France, without a residence permit or work permit.

Non-European foreign students (except Algerian students) holding a “student” « étudiant » residence card or long-stay visa valid as a residence permit may freely perform a part-time professional job as a secondary activity during the period of their studies.

The part time performance of this professional activity is limited to 60% of the legal workday duration, i.e. **964 hours per year**. The reference period for calculating the 964 hours is the validity period of the residence permit or long-stay visa valid as a residence permit.

Special cases (non-European students):

- Self-employment is prohibited.
- A work permit may be required for certain block release trainings.
- To work, Algerian students must apply for a work permit, which allows them to work 50% of the legal workday duration, i.e. 822.50 hours per year.

BLOCK RELEASE TRAINING

Information on the different types of block release training
